

# RTS Waste Management

## Environmental Policy Statement

### Our policy

As a leading provider of waste management in London and Kent, RTS Waste is committed to providing the highest levels of service to all our customers in a manner that is beneficial to the environment. RTS Waste Environmental policy is to contribute to providing a broad range of sustainable waste management and recycling practices; actively encouraging the diversion of waste from landfill by advising and educating customers.

RTS Waste Management considers that environmental compliance, protection, carbon and energy management is an essential part of business. RTS waste is committed to complying with its permits and affiliated organisations, as well as promoting high standards of environmental carbon and energy management on all our sites, premises and in all our activities.

### RTS Waste Objectives for Environmental & Continual Improvement 2018/2019

- We will retain our certification to ISO14001:2015 and strive for continuous improvement
- Ensuring that environmental improvement plans are set and measured, monitored and viewed to enable continuous improvement in our environmental performance.
- Ensure the promotion of environmental awareness of our employees through effective instruction, training and communication.
- Conduct an energy use and efficiency assessment
- Conduct a water use and efficiency assessment
- Have a company reduction of 2% in the carbon emissions of fleet and 2% saving in energy and water per site.
